

Sorcery Webchat Upgrade

Written by SorceryNet

Saturday, 19 March 2011 08:57 - Last Updated Wednesday, 27 July 2011 11:08

We've improved our Webchat system to allow you to identify to your nickname during the initial connection rather than needing to do this manually after being connected.

Stay tuned for more improvements.

27-07-2011 - We have fixed a problem with our webchat where it would on some browsers (I'm looking at you Firefox/IE) hang on a whois.
